Council OK's Plan For Naming Dike After Pres. Hoover

The resolution, drawn up by the Pahokee Chamber of Commerce, recommending that the Lake Okechobee levee be officially named for ex-President Herbert Hoover at a dedication ceremony in March, 1954, was adopted by the Pahokee City Council Monday night, with all the councilmen signing.

Dr. C. L. Brumback, Palm Beach County medical director, recommended to the Council that instead of the City of Pahokee renewing its lease on the Caldwell building in the Negro section for continued use as a clinic by the County Health Department, it would be much more satisfactory if the city would construct a new clinic building and make it large enough to house clinics for both White and Negro patients. This suggestion was approved by the Council and placed on the agenda for immediate study and action.

Councilman Louis F. Mims, who represents Pahokee on the tri-city Port Mayaca Cemetery Commission, reported the commission is making progress in its plans to improve and enlarge the cemetery and that a new tractor-mower has been added to the equipment for maintaining the grounds.

Right-of-ways necessary for the construction of city sidewalks were outlined. The annual meeting of the League of Florida Municipalities was also mentioned.

Hoover Dike Name Gets Lots Backing

Copies of a resolution recommending to the U. S. Army Corps of Engineers that the 60-mile Lake Okechobee levee be named for ex-President Herbert Hoover and a dedication ceremony for the levee so named be held within the next few months were sent Friday by the Pahokee Chamber of Commerce to 25 civic groups in Palm Beach, Hendry, Okechobee and Glades Counties, according to Leonard Dobrow, chamber president.

These civic groups include the Pahokee City Council, Lions Club, Rotary Club and American Legion Post 90; Belle Glade Chamber of Commerce, City Commission, Lions Club and Rotary Club; Canal Point Lions Club, Palm Beach County Resources Development Board; Delray Beach Rotary Club and Commission and Lions Club; Clewiston Chamber of Commerce, Kiwanis Club, Lions Club and American Legion Post; Hendry County Board of Commissioners; Okechobee County Board of Commissioners; Okechobee Chamber of Commerce, Lions Club and City Council; Glades County Flood Control Board.

Most of these groups have already gone on record as approving the naming of the levee for Herbert Hoover. When signatures come back to the Pahokee Chamber of Commerce from all the endorsing groups they will be commended.

"Public Morals" Is Topic At Rotary

"Public conscience and public morality have become dulled and burned," was the belief expressed by Cook C. Howell, vice president of the Atlantic Coast Line Railroad and of the legal department for that concern in Wilmington, N. C., in an address before the joint meeting. Mr. Howell was introduced by State Rep. E. Elliott.

Mr. Howell proved to be one of the most interesting speakers to appear before a civic club in Pahokee in many a day. The applause was enthusiastic when he had completed what members called an outstanding address centered around the above quotation.

Hoy B. Miller Dies After Short Illness

Funeral services will be held at 4 p. m. Saturday at Mizelle-Simons Funeral Home in West Palm Beach for Hoy B. Miller, former Canal Point resident who died at his home in West Palm Beach Wednesday night after a short illness. Mr. and Mrs. Miller moved to their new home on Tulane Drive in West Palm Beach in 1946 after living in Canal Point since 1930 where they successfully operated a drug store.

Mr. Miller originally went to West Palm Beach from Bowling Green, Ky., in 1925. He was employed there in a drug store until he came to Canal Point in 1930. Soon after he came here he had the drug store building erected with living quarters above where he and Mrs. Miller lived in Canal Point. The building is now owned by Arnold Barad who operates the Canal Point Pharmacy.

Mr. Miller was a veteran of World War I, he was a member of the American Legion Post No. 12, the Methodist Church in West Palm Beach, the Elks Lodge in Pahokee, and three Masonic bodies in Bowling Green. He was 57 years old.

Surviving are his wife, Mrs. Lucille Miller, and his mother, Mrs. Della Grimes Miller of Woodburn, Ky.

I. Raymond Shensky Killed In Car Mishap

I. Raymond Shensky (Sole owner of my name) died last week as the result of injuries received in an auto accident near Savannah, Ga., where he was stationed in the Army. He had been a mess sergeant in the army since World War II. Shensky was 48 years old. He operated a store at Lake Harbor for several years before joining the army and well known throughout the Glades.

Mrs. Faust Durden and daughter, Melissa, will leave Monday for their home in Atlanta after spending two weeks with Mrs. Durden's mother, Mrs. G. Lawton Sims in Canal Point.

One day soon shoppers may be buying plastic film packs of cold cuts, frankfurters or bacon that was packaged months before, and the food will still be fresh, according to Food Engineering, McGraw Hill publication.

Bramble Leases Huge Truck Depot

A. E. Bramble and Sons, truck brokers, have closed a deal with A. E. Kirchman of Belle Glade through which they become operators of the Sinclair Truck Stop on the State Market Road just south of the State Market building. They will move their operations from the building next door to the Travelers Restaurant in Canal Point just as soon as remodeling is completed on their new quarters.

Several hundred yards of rock fill will be put in place at the rear of the service station where plans call for a large parking area. Mr. Bramble said it would be much larger than their present parking area. This will be completed immediately.

The Bramble concern has operated successfully in the Glades since coming first in 1937. They have several trucks under their ownership and act as brokers for hundreds more during the run of a season. Theirs is one of the largest truck brokerage concerns on Lake Okechobee and enjoys a reputation for fair dealing among their friends and patrons.

Having leased the entire building from Mr. Kirchman, Mr. Bramble said that Mrs. Roberts' will continue to operate the restaurant. August Kirchman will operate the recently installed Sinclair bulk plant as a separate operation from the Bramble concern.

Bramble's telephone numbers will remain the same—7187, 7188, 7189.

TO PRATT GENERAL

Gerald Tibbetts, member of the Pahokee police force who is ill, was transferred by ambulance from the Everglades Memorial Hospital to the Pratt General Hospital at Coral Gables Friday. Mrs. Tibbetts and their daughter, Mrs. Cecil Gray, motored to Miami to be with him.

Vero Beach Comes To Battle Devils

Riding the crest of five consecutive wins, the Pahokee Blue Devils are braced for a severe test tonight but hope their wave of victories will also engulf the Vero Beach Indians as they engage the visitors in a Suncoast Conference battle on Lair Field, starting at 8:15.

Coach Tex Warrington's Indians, fresh from their easy 30-6 win over Pompano last week and still contenders for a three-way tie with Fort Pierce and Clewiston for the Suncoast title, are pointing for this game. Sparked by the running of Fullback Sonny Offutt and Halfback Jerry Carter and the passing combination of Quarterback Roger DeVore and End Jerry McCall, the Vero eleven unleashed a versatile attack Friday night that had the Beanypickers completely befuddled. Considering the fact that Pompano was able to take a game from Pahokee, 25-24, earlier in the season, the Indians are favored to win tonight's contest.

Win or lose, the Blue Devils have assured their Coach Webb Pell there will be no repetition of last year's score when the Indians poured it on, 60-7, in the most humiliating defeat ever imposed on a Pahokee Blue Devil football team.

J. K. Baker Named Farm Bureau Head

J. K. Baker of Belle Glade was elected president of the Everglades Unit of the Florida Farm Bureau at a meeting in the Community Park building at Canal Point Tuesday night, with Floyd Erickson of Canal Point retiring president, presiding.

C. M. (Mack) Todd of Pahokee was elected vice president and Melvyn Pugh of Canal Point, reported secretary-treasurer.

It was announced the Everglades FFB Unit, with members living throughout the entire Glades area of Palm Beach County, will be represented at the annual convention of the Florida Farm Bureau in Tampa Nov. 16-17 by its new president, Mr. Baker. The next meeting of the executive board will be held at Mr. Baker's home the night of Dec. 14.

The topic of discussion at the Monday night meeting was "Farm Bureau Insurance."

Rebuilding of Conners Highway became the county's highest priority road project this week. Moving the project to the head of the list was the work of County Commissioner Paul Rardin, Canal Point, who said rebuilding of the road was an emergency and should be placed above all other county road and bridge programs.

He won the support of the entire commission for his suggestion and the board adopted a resolution to the State Road Department asking that immediate action be taken to rebuild the flood damaged road.

Rardin pushed for quick adoption of the resolution in order that State Road Department engineers could be put on the job immediately. He said then plans could be ready in time for contractors to submit bids to the State Road Department during its January meeting.

Rardin said early rebuilding of the 20-mile strip of road between Twenty Mile Bend and Canal Point, had the approval of State Board Member Tom Manuel of Ft. Lauderdale. The commissioner said Manuel had made an on the spot inspection of the heavily damaged road and agreed to push for early improvement.

Boat Club Met On Tuesday Night

The Pahokee Boat Club at a meeting Tuesday night, with president Billy McKinstry presiding, discussed the present status of the proposed breakwater at the Pahokee waterfront.

Mrs. Jane Rieker was named to contact Rep. B. Elliott, who has been negotiating with the Palm Beach Port of Authority in regard to the breakwater, to determine what the present situation is. The Port of Authority has already promised 60 piling for use in the breakwater construction but as yet no way of transporting them to the Pahokee waterfront has been found. Under present plans the piling will be driven to rock in front of the Pahokee pier and then slatted with three by eight-inch timbers to form a breakwater.

The groups also discussed the progress being made on the sail boat project, in which the club is encouraging local youth, to build boats for sailing on Lake Okeechobee waters.

Sheriff's "Push" Pulls a Vote

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Heard a knock at the door," he said. "Fellow I never saw before. Told me his car went dead down the road and would I give him a shove. My boy, Flip, and I went out to his car with him. We're all set to push when he steps on the starter and the motor turns over."

"Well, Flip and I just stood there when the fellow leans out

the window and says, 'Just wanted to make sure you're the right man to vote for.'"

From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor. One way I know is just to have a little regard for the other fellow. Whether your neighbor likes beer or buttermilk, don't try to push him to your choice. Just give him your "vote of confidence."

Cinematic Chatter

By Malcolm Millar

Hello everybody! Here is some interesting news. Richard Conte wasn't born to the stage, yet everything he did as a young man prepared him for his chosen career. Born in Jersey City, N. J., to parents of Italian extraction, Richard inherited the Latin exuberance for the arts. Though not a top student, he did find himself drawn to music and painting. He learned the Piano well enough to play in a small dance band, and his interest in art made him thing, at one time, of becoming a professional artist. That was all before he was drafted into a small musical show being presented at a Connecticut summer resort where Richard worked as a combination waiter, barber, and dancing partner. From that day on, Richard Conte knew what he wanted. He studied dramatics at The Neighborhood Playhouse in New York, one of the leading dramatic schools in the country, and then stepped forward to meet the challenge of Broadway. A bit part led to a supporting role, which in turn led to the actor to be signed for a top role in "Jason" by William Saroyan. For Richard this part was the culmination of all the years preparation, and the critics agreed, naming him to outstanding actor, of the year. After serving with the Army, Richard returned to the New York stage to repeat his success as a dramatic actor, and then the Hollywood offers arrived—and so did love. He married Ruth Storey in 1943. They are one of the most romantic couples in Hollywood. See you at the movies—Mal.

Farris Bryant Is Press Ass'n Speaker

SILVER SPRINGS—Rep. Farris Bryant, Speaker of the 1953 Florida House of Representatives, in an address before the Florida Press Association convention, called for citizen demand at the grass roots level to revise the state constitution. He appealed to the weekly editors to start a crusade to "arouse our citizens."

Bryant stated the present confused situation over succession to the governorship makes it plain Florida's constitution should be completely revised. The governorship succession issue, he said, point up only one of the glaring deficiencies in the present constitution which has been amended 90 times. The need has also been intensified by the inability of the 1953 legislature to approve resolutions calling for the creation of a tax commission and the election of a lieutenant governor, he asserted.

The three-day meeting of Florida's weekly press at Silver Springs was concluded Sunday afternoon with the election of officers for 1954. L. E. Sellers, editor and publisher of the Washington County News in Chipley, was chosen president to succeed Fred Fitzgerald, publisher of the Daytona Beach Observer. Carr Settle of Moore Haven, publisher of the Glades County Democrat, was named vice president.

Approximately 180 newspapers were represented at the association's 74th annual meeting. Weekly editors, publishers, families and staff members were all guests of Ray, Davidson and Ray, operators of Silver Springs, for the three-day meeting.

Summer attendance at McKee Jungle Gardens, Vero Beach, showed an increase of over 50 per cent above the summer season of 1952.

Stuart Tigers Fall Before Devils' Guns

The Pahokee Blue Devils won their fifth consecutive game of the season-Friday at the expense of the Stuart Tigers, 31-0, in Stuart Friday night.

For a team that hasn't won a conference game in the last 26 tries, the Tigers put up a surprisingly stubborn defense, with the pesky little Theron Rogers, who was on the Blue Devil team last year, always where he shouldn't be, breaking up Pahokee's offensive plays. Come on back home, Theron—everything's forgiven!

Halfback Buford Justice, after Stuart hogged the ball most of the first quarter, finally got his hands on it and carried it 51 yards for a TD just before the quarter ended. In the second quarter Halfback Hal Rosenberg scored with a 17-yard run and Fullback George Mills plunged for the extra point, giving Pahokee 13 points at the end of the half.

In the third quarter Justice, Rosenberg and Mills each went across the goal line for a TD and another line charge accounted for an extra point, giving the Blue Devils a total of 32 points at the end of the third period.

And that's all there was, as the Tigers stiffened and held the Devils scoreless through the final quarter.

Forty-one letters of invitation have been extended county and state officials as well as local civic club presidents and their wives.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Possibility of adding 40,000 acres to Glades farm and cattle land was seen this week with a request to the County Commission for aid in maintaining a new road system.

The commission, on suggestion of Commissioner Paul Rardin, Canal Point took the proposal under advisement. Rardin urged the commission to give the request careful study and to lend whatever assistance possible in helping work out plans for the new development.

Request for county help came from Henry I. Cohn, operator of Indian Trail Ranch, who said his company planned construction of some 20 miles of roads into acres not now served by highways. Cohn said the road network would cost about \$600,000.

Indian Trail interests have agreed to finance the road construction and are asking the county to take over maintenance of the roads after completion.

Construction of a new pavilion in Lake Ida County Park was approved by the commission which authorized a contract with Delray Beach Architect Samuel Ogren to draw up plans for the proposed \$5,000 addition to the park.

Bids on the county's new Agricultural Headquarters to be located on Military Trail were opened with Hunter-Drew Construction Co. as apparent low bidder. Next lowest of the 11 bidding—the most in several years—said Chairman Lake Loyal—was Bird-sall Construction Co. with a bid of \$74,896. Hunter-Drew bid was \$74,729.

Rardin expressed thanks to the contractors and said the bids within a few thousand dollars of each other show that the group "is cer-

tainly trying to offer the county good bids."

In other action—the board: Instructed County Engineer Steve Middleton to make an estimate of flood damage to county roads prior to asking the federal government for reimbursement for damage repairs. Civil Defense Director Ellis Altman said the county is eligible for reimbursement under a special federal law if damages can be determined to be caused 100 percent by flood waters.

Called for new bids on insurance for county equipment and set Nov. 23 as the date for return of bids.

Mr. and Mrs. Abe Dobrow entertained at their home on Bacon Point Road with a bridge dinner Saturday night, with plates laid for 11 guests. Arrangements of miniature yellow cysanthemums were used in the table decorations. Prizes were received by Otto Blech and Mrs. Ethel Ginsberg. Guests were Mr. and Mrs. Frank Shaugnessy, Mr. and Mrs. Leonard Dobrow, Mr. and Mrs. O. R. Blech, Dr. and Mrs. George Arceneaux, Mrs. G. Lawton Sims, Mrs. Faust Durden and Mrs. Ginsberg.

Mrs. Sam L. Lindsay suffered a painful head injury Monday while working among her flowers at her home on Lake Park Drive. She was stooping over pulling weeds from a flower ben next to the garage when a long piece of water pipe leaning against the building fell and struck a severe blow against the back of her head. Several stitches were required to close the deep scalp wound.

Greatest Gasoline Development in 31 Years!

*Up to 15% more power
Up to 150% more spark plug life*

TCP, a Shell discovered additive, now blended into Shell Premium Gasoline, puts an end to greatest cause of power loss in automobile engines.*

Strange as it may seem, the majority of cars on the road today are not putting out their full horsepower.

Perhaps you may have noticed that your power "falls off" especially when accelerating, climbing a hill, or driving on the open highway.

The reason is that, in the average engine, deposits are constantly accumulating on the spark plugs and in the combustion chambers. They actually "short-circuit" your spark plugs and cause pre-ignition of the fuel mixture, especially when you want extra power and "step on it" hard!

To overcome this condition, Shell Research discovered TCP—a remarkable fuel additive

which has the property of counteracting the power-wasting effect of these deposits.

As a result, Shell Premium Gasoline with TCP gives you up to 15% more power, up to 150% more spark plug life, plus an increase in gasoline mileage.

Shell Premium with TCP is the most significant development in gasoline since the introduction of tetraethyl lead in 1922.

New and old engines benefit

If you have a new car, particularly one with a high-compression engine, Shell Premium with TCP is essential if you want it to keep on delivering its original power for the normal life of

the spark plugs. But high-compression or not, Shell Premium with TCP keeps your engine working like new.

Owners of older cars also benefit. Even if your car has gone 30,000 miles or more, your engine can get back much of its original power by the use of Shell Premium with TCP.

Shell Premium with TCP quick to act

So rapidly does Shell Premium with TCP counteract the deposits on spark plugs and in combustion chambers, that you'll feel your engine's had a tune-up before you've finished the second tankful. You enjoy that new car pep again.

NOW IN YOUR TOWN but only at your Shell Dealer's

TCP (a Shell Trademark) was originally developed by Shell Research for aviation fuels and until now has been largely restricted to military aircraft.

Today, Shell Premium with TCP is available in this area, but only at Shell Dealer Stations.

Christian Science Group Of Canal Point

The opportunity which each one has to look away from the limitations of mortality to the joys of immortality will be emphasized at services in all Christian Science churches next Sunday when the subject of the Lesson-Sermon will be "MORTALS AND IMMORTALS".

A verse from I Corinthians (15:49) furnishes the Golden Text: "As we have borne the image of the earthly, we shall also bear the image of the heavenly."

Bible passages include: "He that is unto God is the God of salvation and unto God the Lord belong the issues from death" (Psalms 68:20).

This citation from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read: "Man, governed by immortal Mind, is always beautiful and grand. Each succeeding year unfolds wisdom, beauty, and holiness" (p. 246).

The American Legion Auxiliary Unit 242 will sponsor a pot luck supper in the Community Hall, Canal Point, on Thursday, Nov. 19 at 7:00 p. m. It is to benefit the Legion by getting them back into harmony. All Legionnaires are to come and bring their families and any outside prospects. Also please bring dues.

Following the meeting, fruit punch was served on the porch facing the school's patio. The refreshments table had as a centerpiece a striking arrangement of tropical foliage and flowers with a crystal punchbowl at each end. Mrs. Joe Thompson and Mrs. Olaf Boe served as hostesses for the evening. They were assisted by Mrs. Lloyd Hundley, Mrs. Leland Keen, Mrs. William McKinstry, Mrs. R. O. Crosby and Mrs. Lonnie Tillis. Mrs. John Dulany, hospitality chairman, was in charge of arrangements for the social hour.

team in the history of the school. Halfback Hal Rosenberg and Tackle Tommy Elliott are the only regulars who were among the victims of last year's debacle but their avenging spirit will have the solid backing of big Buford Justice, the Blue Devils' fast and powerful left halfback, and his team mates who have been improving steadily as the season advances.

Coach Pell and his assistant, Coach Bill Howard, have had the first string on the defensive with the B team running Vero plays in scrimmage sessions this week. Considerable stress was placed by the two coaches on pass defense. Pell says his team is in good condition except for End Donald Waddell who is still handicapped by an ankle injury. If Waddell isn't able to start at left end he will be replaced by Jon Pope.

One of the biggest crowds of the season is expected to see this, the last home game of the Blue Devils

with plenty of excitement assured in the explosive action of both the Blue Devils' Split-T and the Indians' T formations. A colorful halftime spectacle is being planned by the bands of the two schools.
